

THE COMEDY MAGIC OF DEVINHENDERSON

A unique blend of comedy, magic, pick-pocketing and audience interaction, Devin's award-winning Comedy Magic Show is a hit all across the country. A regular performer at the World-Famous Improv Comedy Club and Dinner Theater, Devin's style is best described as a stand-up comedian who uses magic as a tool for comedy. This mix of humor and amazement leaves audiences scratching their heads in wonder while simultaneously rolling in the aisles with laughter.

Devin cuts a rope repeatedly and restores it repeatedly. He also executes a hilarious Houdini-style handcuff escape, pulls a rose out of a ball of fire, and vanishes a spectator's \$100 bill only to produce it from a most unusual location. And the crowd's favorite, a reputation maker for Devin, is when he inflates a balloon animal type balloon and swallows it whole!

The audience members are not merely bystanders, they take part in the magic. Through the course of the show, those who have assisted Devin on stage often return to their seats having been unknowingly pick-pocketed. Devin returns wristwatches, neckties, wallets, and pens to multiple volunteers. If you are looking for a clean, light-hearted, fun, and amazing way to appreciate your employees or clients, Devin's Comedy Magic Show is the perfect solution. It will be a talked-about performance for years to come, guaranteed.

Devin's show was absolutely hilarious...people were able to participate in tricks, which made it personal and more entertaining!
